

REMARKS

This amendment removes the multiple dependencies from the claims, adds headings to the specification and updates the abstract. The amendment was not made for reasons related to patentability, and the full range of equivalents for all of the elements of the amended claims, as well as for all of the other claims, should remain intact.

A favorable consideration that results in the allowance of all of the pending claims is earnestly solicited.

Respectfully submitted:

A handwritten signature in black ink, appearing to read "Harry F. Smith", is written over a horizontal line.
